## DISPENSARY INJUNCTION HAS BEEN GRANTED

Guthrie, Ok., Dec. 4.—District Judge Huston of the Logan County court last night granted an alternative writ of mandamus in the case of the Alexander Drug Company of Oklahoma City against R. E. Lozier, state agency superintendent, to compel him to sell the company a quantity of alcohol to be used in its business. The agency refused to make the sale, as told in press reports, following the proclamation of Gov. Haskell declaring that from a canvass of the votes the agency law has been repealed. The case was argued today. Fred S. Caldwell, state enforcer-

ment attorney, appeared for the agency, and Henry E. Asp and John Devereaux of Guthrie were attorneys for the drug company.

It was the contention of the plaintiff that the agency had not been repealed, for the law creating it was not submitted to a vote. The state's showing was that the law had been repealed, not by the vote of the people, but by the legislature, which directed that it should be closed in event a majority of the votes were against the proposition, and the attorney admitted that only the constitutional phase of the question was submitted. It also argued that it should not be compelled to comply with a law that had been repealed. Judge Huston announced that he would reserve his decision until tomorrow.

The status of the agency will not be determined until the courts get through with the case. The force is to be retained until that time and the office, during sickness of Superintendent Lozier, is in charge of Assistant Superintendent Stone.

Acting under executive orders today as assistant superintendent telegraphed to the seventy-two local agents to cease filling prescriptions for liquor or alcohol and to hold their stocks for further orders.

## ADDITIONAL PARTICULARS OF CLARENCE LEE KILLING

Since the death of Clarence Lee, who was shot by City Marshal Putnam at Allen, there has been gathered additional particulars that led up to the killing.

The following is the substance of statements gathered from witnesses claiming to have been present and seeing and hearing the particulars as herein related:

It seems that Clarence Lee and Mose Patterson were having a wrestling match, and that the former was victorious. Some one of the crowd of onlookers made some remarks about the wrestling, when Lee told him to keep his mouth out of it, and struck at the party who interfered.

At this juncture, City Marshal Putnam is said to have appeared and told Lee to come and go to the calaboose with him. Lee said he would pay a fine or give bond, but to wait until he put on his boots and he would go with him.

Putnam and Lee went alone toward the calaboose, a distance of nearly 400 yards. Two or three fellows nearby. When Putnam and Lee reached the calaboose, they stopped and seemed to be pleasantly talking, when Putnam struck Lee with a small stick two or three times, and Lee hit at Putnam. The latter pushed Lee toward the calaboose, but he caught against the facing of the door.

Putnam finally pulled his pistol and Lee clinched with him and they fell. It is said that he grabbed Putnam's pistol and tried to keep it pointed away from him, but it was soon fired, the bullet passing through Lee's body, inflicting a fatal wound.

Putnam left the scene of the killing, but as he got away some distance, waived the crowd away that had started to where Lee lay, but as Putnam went on, the crowd soon went to the rescue of the wounded man.

In a statement made before he died, Clarence Lee gave substantially what is above stated, as the facts, adding that he was friendly with Putnam, and was willing to give bond or pay a fine, and that he was not drunk, nor was he armed. Also that what he did in resisting Putnam was in self-defense, and that Putnam would hear to nothing, except to put him in the calaboose.

## MISS ROBERTSON RE-APPOINTED.

Numerous Applicants for Muskogee Postoffice But None Heard.

Washington, Dec. 4.—With his grip full of documents to show incompetency and the public disfavor of Miss Alice Robertson in the postoffice at Muskogee, Okla., Joseph Cromwell arrived here tonight to be confronted with the announcement that Miss Robertson had already been re-appointed and that the republican organization has received another jolt.

Cromwell is the man under fire for collecting campaign subscriptions from civil service employees in the government office at Muskogee. He declares he will be able to squelch the matter before the civil service examiners' report comes in. Cromwell says he was unaware of a statute against soliciting campaign contributions in government offices.

## FREAK PIG HAS TWO HORNS.

It's the Valued Possession of an Oklahoma Farmer.

Muskogee, Ok., Dec. 4.—James Burrows, a farmer residing several miles east of Muskogee, is the proud owner of a freak pig that he values highly. The pig is one of a litter of seven and is normal in every way except that just above its eyes are two well developed horns. The pig is now several weeks old and the horns have grown at least an inch.

## Lozier Is Sick of Heart Trouble.

Guthrie, Okla., Dec. 4.—Neuralgia of the heart may cause the death of Robt. E. Lozier, head of the state dispensary system, at any time. Mr. Lozier was taken sick while visiting his old home at Carrollton, Mo., and immediately returned to Guthrie. The railroad trip caused a relapse in his condition.

Mr. Lozier has been as prominent in the politics of Missouri as he has in those of Oklahoma. He was three times a member of the democratic state committee.

## FATAL SHOOTING AFFRAY

Ardmore, Dec. 4.—The news of a serious shooting affair which took place at Mulkey, east of here in this county, reached here at an early hour this morning. Dennis Lawson of Mill Creek, and who formerly lived here, is shot and cannot live and John Mulkey is in the county jail and acknowledges to the shooting. From the best reports that can be gathered, Lawson and Mulkey were in Ardmore yesterday. Lawson wanted to buy some cattle belonging to Jim Mulkey and went home with John. Last night Mrs. Mulkey was at the home of her mother in Berwyn, and Lawson, Mulkey, Ben Lambert and Waters Brown were at the home of John Mulkey. All the men or at least some of them were drinking and shooting craps. Some trouble arose and Lawson was shot with a shotgun by Mulkey. The load took effect in the stomach.

It is said that there is no hope for Lawson and it is expected that he will die before sunset tonight. Squire Thompson, the justice of the peace at Mulkey, took the statement of Lawson. The dying man said that a crap game was going on, that some trouble arose and he left the house to keep out of it. As he passed around the house Mulkey met him and while four feet away emptied the contents of a shot gun into his stomach. He stated that Mulkey did the shooting without uttering a word.

Mulkey in his statement says the game was going on, that trouble arose, that Lawson abused him terribly, that Lawson left the room and as he thought had gone away; Mulkey opened the door and found that Lawson had not gone, but again approached him (Mulkey) with his knife, still abusing him, and then it was that Mulkey fired.

Dennis Lawson, a prominent young cattleman of Mill Creek, died this afternoon at Mulkey, a few miles east of here, from a gun shot wound received in the stomach this morning at 1 o'clock. John Mulkey, an intermarried Chickasaw citizen, surrendered and is in jail. The weapon used was a shot gun and muzzle was in four feet of Lawson's body when gun was discharged.

## THE INFANTICIDE CASE

Dora Dennie, the Indian girl who is charged with murdering her infant, soon after its birth, by choking it to death with a ribbon, did not throw its body into a hog pen as first reported, though the circumstances indicated that she had. Its body was found buried near the hog pen. The prosecuting attorney's office is making an investigation of the case this evening, at the home of Amos Hays, where the girl lies ill. As soon as she sufficiently recovers, an examining trial will be held.

## Bombard Austrian Seaport.

Paris, Dec. 4.—A special dispatch from Vienna says that a message from the Cattaro branch of the Austro-Hungarian Bank to the bank's Agram branch stated that Cattaro had been bombarded since 9 o'clock this morning.

The dispatch adds that at the Ministry of War it was said that the Ministry had no information on the subject, but that it "was impossible to deny the news."

Vienna, Dec. 4.—Two steamers of the Hungarian Croatian Line with troops aboard left Fiume today under sealed orders. Two other steamers will follow tomorrow. It is supposed their destination is Cattaro, a seaport of Austria on the Adriatic, contiguous to Montenegrin territory. Warlike rumors continue in circulation, but an official denial caused prices on the Bourse to advance considerably and an optimistic feeling prevails in official circles. With reference to a reported front-

tier fight between Hungarians and Montenegrins at Bilek, in which it was alleged that a Hungarian Lieutenant, Tietler, had been killed, the government tonight made emphatic denial of the report. It explains that Tietler committed suicide owing to a love affair.

## As to Non-Resident Taxpayers.

Guthrie, Okla., Dec. 4.—In an opinion to Syd Yeary of Keota, Assistant Attorney General E. G. Spillman holds that the fee of \$1 which county treasurers are allowed to collect from non-resident taxpayers who pay their taxes by mail can not be collected where the non-residents make their payments through an agent, who appears in person at the treasurer's office.

## Charged With Killing Daughters.

Marked Tree, Ark., Dec. 4.—Following the mysterious deaths of his two daughters, William McBroom, a mill worker, was arrested here today, charged with murder. Pending the coroner's investigation he was taken to Jonesboro.

McBroom's daughters, Ola Leon, 6 years old, and Elizabeth, 8 years old, died in great agony soon after their father reached home last night.

## HON. R. W. DICK.

Bob Dick, a character in the Indian Territory and a "double cross" character in Oklahoma, mayor of Ardmore, since man's mind runneth not to the contrary, and one of the darndest, shrewdest politicians in the state, even if he was chairman of the democratic speakers' bureau during the late campaign, has been appointed superintendent of the Oklahoma penitentiary.

The News could say lots more about Bob Dick if it were not afraid the thought might produce a congestion of its laughing box. But that no debt of honor may have liquidation demand out in the park at sunrise, it is declared that the Hon. R. W. Dick has a host of friends in Pontotoc county, that though he may have not been absolutely the prime factor in Ardmore's development, he led in its escape from the primeval faculty of its forestry estate; that he has an acquaintance, all favorable, from New York to Galveston—and not necessarily by the water route—that he can distinguish a gentleman true blue from one less true and that withal he has proven as mayor of Ardmore for the past ten years that he has honor, unusual executive ability and the capacity to make thousands of friends and maintain their unswerving friendship. The state could not have secured a stronger warden.

The News sincerely commends all its enemies to the tender administration of the Hon. Bob Dick, this new superintendent of the state penitentiary.

December is here. The month when little hearts are made gladdest. And let the true spirit of Christianity and charity be shown by remembering at least one unfortunate at Christmas tide even though it be in a small way. In this way grown up people can make their own hearts glad. Rest assured that you will be remembered for years to come for such an act.—Madill News.

Yes, those who have and can afford to be generous, certainly ought to aid the unfortunate, and especially should the children be made as happy as possible, for Christmas is particularly theirs as a time for rejoicing and as the recipients of all the bounteous gifts that can be bestowed.

Ada is preparing to issue bonds for sewers, city hall, water extension, street improvement, storm sewers, and public parks. That is a pretty good start for Ada.—Durant News.

Ada has had "a pretty good start" for some time, and the improvements recently authorized by bond issues, will give us all the conveniences necessary to put Ada in the front rank of up-to-date cities.

## PRESS COMMENT.

The News sees every day on our streets children who should be in school. Oklahoma has a compulsory educational law and the parents or guardians of these children may have to give an account to a violated law in not sending them to school. The taxpayers of the state are forced to pay for the education of your child and you are compelled to send your children to school a certain number of months or you may be called to account.—Durant News.

Far-sighted people have predicted for some time that the time would come when New England would be advocating free trade while the South would be demanding protection. This prediction is brought forcibly to mind by the fact that two

of Florida's representatives have appeared before the house committee of ways and means with a request for a ten cent duty on long staple cotton.—Denison Herald.

The farmer who is figuring on planting another big cotton crop rather than to giving attention to raising more good corn, hogs and stock is a standing candidate for bankruptcy.—Wapanucka Press.

## Making the Paper.

"Few people realize what a co-operative institution the newspaper is in its news department. The newspaper doesn't create the news, it is only a news clearing house, so to speak. The reporter asks day after day: 'What do you know?' 'Tell me something I can print,' and quite too often they do not get an answer that helps very much. The announcement that a train has just run over a horse and driver, supplemented a little later by the further fact that the said horse and driver were under one of the many railroad arches where the railroad goes over the street, may be a good joke, but it doesn't help the reporter very much. Also don't tell the man with pad and pencil that there is nothing going on but the rent, and if you must quote that old saying of Solomon's about there being nothing new under the sun, try to remember that something you know about may be very old but all the same new and interesting to some other reader. If you would the more enjoy your paper, there is nothing like taking a hand to help make it interesting." — Brockton (Mass.) Times.

Willemstad, Dec. 4.—Having been unable to obtain an amicable settlement of outstanding differences with Venezuela, the Netherlands government has begun a naval demonstration off the coast of the South American Republic, and since Wednesday vessels flying the Dutch flag have steamed from Puerto Cabello to La Guayra at a distance of 30.00 yards from shore.

London, Dec. 5.—The Daily Telegraph's correspondent at The Hague says that a dispatch has been received there to the effect that a newspaper correspondent in Curacao learns that four American warships are expected at Curacao at the beginning of January, and that it is certain the United States will be a staunch supporter of Holland against Venezuela.

## THEATRE TALK NO. 2

It pays to wait after all, for the good comes in time, even in the drama, bringing a splendid recompense for some of the "cheats" you have had.

"Monte Cristo" which comes to town pretty soon is a play that can be seen again and again by those who have souls to feel the spell of real romantic drama. IT RANKS AS ONE OF THE GREATEST DRAMATIC TRIUMPHS OF THEATRICAL HISTORY, both artistically and financially. It has had phenomenal success throughout the entire world and will live in the annals of the stage as one of the high-PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the parts assigned them.

The American people are broad gauged and liberal minded. They are ready to hear any remarks, listen to any song, read any book, see and infallibly. ANYTHING THAT BECOMES POPULAR IS GOOD, AND NOTHING CAN BECOME POPULAR THAT IS NOT GOOD. The people never make a mistake. Newspaper advertising will induce the readers to try anything that's advertised—once. MERIT DOES THE REST. A shining example of this principle is that of the romantic play, "Monte Cristo" which will be presented in this city soon. This play has been produced season after season for seventy years. IT MUST BE MERITORIOUS DON'T YOU THINK? USUAL PRICES WILL PREVAIL.

Many actors have become well-known and some famous through "Monte Cristo." Chas Fichter and James O'Neal being the most noted, but in time they have and must retire and give younger blood a chance. Among the young actors who have assayed the part, none have been more successful than Mr. W. H. Lemle, who is now being featured in Fred G. Conrad's production of Eugene Moore's version of Dumas' novel. Mr. Lemle brings youth and looks, two great essentials, to an artistic impersonation of Edmund Dantes. This classic romantic character requires all the skill of a tried artist, and that Mr. Lemle is equal to the task is born out by the fact that Mr. Conrad, for the third season, presents him to the public. Lemle and "Monte Cristo" will soon become synonymous, is the verdict of all who have seen this production. "Monte Cristo" will be at the opera house, Wednesday night, Dec. 16th.

## FORAKER TO DEFEND HIMSELF

Washington, Dec. 4.—Standing upon the proud eminence which he seems destined soon to lose, Senator Foraker will, shortly after congress assembles, make a speech in defense of his relations with the Standard Oil Company. It will be more than a defense if what his intimate friends say should prove to be true. It will be a display of verbal lightning intended both to dissipate the cloud which hangs over him and to strike the occupant of the White House, whom Senator Foraker regards as the first cause of his downfall.

Senator Foraker's friends say that he has quite made up his mind as to this course, and Senator Foraker when questioned about the report, today would not deny it. He has spent weeks, it is said in the preparation of the speech that he is to deliver, and the prophesy is made that in the bitterness of its attack on the president it will eclipse his own best performance in this respect.

**ADAMS & VALENTINE**

PROPS.

What will be the occasion, when the time of its delivery, no one knows. Perhaps Senator Foraker himself has not determined that. His bill authorizing the re-enlistment of the troops discharged from the Twenty-first Regiment could be made to serve his purpose, though there is no need of this, since he could, as Senator Bailey did, rise to a question of personal privilege.

As to the time, it is generally believed that Senator Foraker will speak before the holiday adjournment. His successor is to be elected early in January. It is almost the unanimous opinion among Ohioans here that Senator Foraker has reached the end of his public career. They say that public opinion has so unmistakably decreed his extinction that no legislature would dare to reinvest him with the honor he now enjoys.

Yet it is partly in the hope that he may be able to reverse the popular verdict that by being again elected and thus re-enter public life as his great foe leaves it that Senator Foraker has resolved to make this speech.

### Whitney's Body Found.

Guthrie, Ok., Dec. 4.—The body of A. J. Whitney, secretary and treasurer of the Farmers' Union oil mill, who lost his life in the Cottonwood River Sunday night, was found today in a drift pile under the street car bridge at the foot of Oklahoma avenue. The body bore evidence of a struggle in the water. Whitney was at the mill during the flood, and trying two barrels together for a raft tried to reach land.

## DISPENSARY INJUNCTION HAS BEEN GRANTED

Guthrie, Ok., Dec. 4.—District Judge Huston of the Logan County court last night granted an alternative writ of mandamus in the case of the Alexander Drug Company of Oklahoma City against R. E. Lozier, state agency superintendent, to compel him to sell the company a quantity of alcohol to be used in its business. The agency refused to make the sale, as told in press reports, following the proclamation of Gov. Haskell declaring that from a canvass of the votes the agency law has been repealed. The case was argued today. Fred S. Caldwell, state enforcement attorney, appeared for the agency, and Henry E. Asp and John Devereaux of Guthrie were attorneys for the drug company.

## ADDITIONAL PARTICULARS OF CLARENCE LEE KILLING

Since the death of Clarence Lee, who was shot by City Marshal Putnam at Allen, there has been gathered additional particulars that led up to the killing.

The following is the substance of statements gathered from witnesses claiming to have been present and seeing and hearing the particulars as herein related:

It seems that Clarence Lee and Mose Patterson were having a wrestling match, and that the former was victorious. Some one of the crowd of onlookers made some remarks about the wrestling, when Lee told him to keep his mouth out of it, and struck at the party who interfered.

At this juncture, City Marshal Putnam is said to have appeared and told Lee to come and go to the calaboose with him. Lee said he would pay a fine or give bond, but to wait until he put on his boots and he would go with him.

Putnam and Lee went alone toward the calaboose, a distance of nearly 400 yards. Two or three fellows nearby. When Putnam and Lee reached the calaboose, they stopped and seemed to be pleasantly talking, when Putnam struck Lee with a small stick two or three times, and Lee hit at Putnam. The latter pushed Lee toward the calaboose, but he caught against the facing of the door.

Putnam finally pulled his pistol and Lee clinched with him and they fell. It is said that he grabbed Putnam's pistol and tried to keep it pointed away from him, but it was soon fired, the bullet passing through Lee's body, inflicting a fatal wound.

Putnam left the scene of the killing, but as he got away some distance, waived the crowd away that had started to where Lee lay, but as Putnam went on, the crowd soon went to the rescue of the wounded man.

## FATAL SHOOTING AFFRAY

Ardmore, Dec. 4.—The news of a serious shooting affair which took place at Mulkey, east of here in this county, reached here at an early hour this morning. Dennis Lawson of Mill Creek, and who formerly lived here, is shot and cannot live and John Mulkey is in the county jail and acknowledges to the shooting. From the best reports that can be gathered, Lawson and Mulkey were in Ardmore yesterday. Lawson wanted to buy some cattle belonging to Jim Mulkey and went home with John. Last night Mrs. Mulkey was at the home of her mother in Berwyn, and Lawson, Mulkey, Ben Lambert and Waters Brown were at the home of John Mulkey. All the men or at least some of them were drinking and shooting craps. Some trouble arose and Lawson was shot with a shotgun by Mulkey. The load took effect in the stomach.

It is said that there is no hope for Lawson and it is expected that he will die before sunset tonight. Squire Thompson, the justice of the peace at Mulkey, took the statement of Lawson. The dying man said that a crap game was going on, that some trouble arose and he left the house to keep out of it. As he passed around the house Mulkey met him and while four feet away emptied the contents of a shot gun into his stomach. He stated that Mulkey did the shooting without uttering a word.

Mulkey in his statement says the game was going on, that trouble arose, that Lawson abused him terribly, that Lawson left the room, and as he thought had gone away, Mulkey opened the door and found that Lawson had not gone, but again approached him (Mulkey) with his knife, still abusing him, and then it was that Mulkey fired.

Dennis Lawson, a prominent young gentleman of Mill Creek, died this afternoon at Mulkey, a few miles east of here, from a gun shot wound received in the stomach this morning at 1 o'clock. John Mulkey, an intermarried Chickasaw citizen, surrendered and is in jail. The weapon used was a shot gun and muzzle was in four feet of Lawson's body when gun was discharged.

## THE INFANTICIDE CASE

Dora Dennie, the Indian girl who is charged with murdering her infant, soon after its birth, by choking it to death with a ribbon, did not throw its body into a hog pen as first reported, though the circumstances indicated that she had. Its body was found buried near the hog pen.

The prosecuting attorney's office is making an investigation of the case this evening, at the home of Amos Hays, where the girl lies ill. As soon as she sufficiently recovers, an examining trial will be held.

**Bombard Austrian Seaport.**

Paris, Dec. 4.—A special dispatch from Vienna says that a message from the Cattaro branch of the Austro-Hungarian Bank to the bank's Accrue branch stated that Cattaro had been bombarded since 9 o'clock this morning.

The dispatch adds that at the Ministry of War it was said that the Ministry had no information on the subject, but that it "was impossible to deny the news."

Vienna, Dec. 4.—Two steamers of the Hungarian Croatian line with troops aboard left Flensburg under sealed orders. Two other steamers will follow tomorrow. It is supposed their destination is Cattaro, a seaport of Austria on the Adriatic, contiguous to Montenegrin territory. Warlike rumors continue in circulation, but an official denial caused prices on the Bourse to advance considerably and an optimistic feeling prevails in official circles.

With reference to a reported frontier fight between Hungarians and Montenegrins at Bilek, in which it was alleged that a Hungarian Lieutenant, Teller, had been killed, the government tonight made emphatic denial of the report. It explains that Teller committed suicide owing to a love affair.

## As to Non-Resident Taxpayers.

Guthrie, Okla., Dec. 4.—In an opinion to Syd Yeary of Keota, Assistant Attorney General E. G. Spilman holds that the fee of \$1 which county treasurers are allowed to collect from non-resident taxpayers who pay their taxes by mail can not be collected where the non-residents make their payments through an agent, who appears in person at the treasurer's office.

**Charged With Killing Daughters.**

Marked Tree, Ark., Dec. 4.—Following the mysterious deaths of his two daughters, William McBroom, a mill worker, was arrested here today, charged with murder. Pending the coroner's investigation he was taken to Jonesboro.

McBroom's daughters, Ola Leon, 6 years old, and Elizabeth, 8 years old, died in great agony soon after their father reached home last night.

**Former Indian Chief Dead.**

Muskogee, Ok., Dec. 4.—Rolly McIntosh, former chief of the Creeks, is dead at his home near Stillham. For the last ten years McIntosh has been the tribal representative at Washington. McIntosh attained the advanced age of 76 years. He was a full-blood of the old type in the councils of his people and highly esteemed by the whites.

**MRS. ROBERTSON RE-APPOINTED.**

Numerous Applicants for Muskogee Postoffice But None Heard.

Washington, Dec. 4.—With his grip full of documents to show incompetency and the public disfavor of Miss Alice Robertson in the postoffice at Muskogee, Okla., Joseph Cromwell arrived here tonight to be confronted with the announcement that Miss Robertson had already been re-appointed and that the republican organization has received another jolt.

Cromwell is the man under fire for collecting campaign subscriptions from civil service employees in the government office at Muskogee. He declares he will be able to squelch the matter before the civil service examiners' report comes in. Cromwell says he was unaware of a statute against soliciting campaign contributions in government offices.

**FREAK PIG HAS TWO HORNS.**

The pig is one of a litter of seven and is normal in every way except that just above its eyes are two well developed horns. The pig is now several weeks old and the horns have grown at least an inch.

**Lozier Is Sick of Heart Trouble.**

Guthrie, Okla., Dec. 4.—Neuralgia of the heart may cause the death of Robt. E. Lozier, head of the state dispensary system, at any time. Mr. Lozier was taken sick while visiting his old home at Carrollton, Mo., and immediately returned to Guthrie. The railroad trip caused a relapse in his condition.

Mr. Lozier has been as prominent in the politics of Missouri as he has in those of Oklahoma. He was three times a member of the democratic state committee.

## HON. R. W. DICK.

Bob Dick a character in the Indian Territory, and a double cross character in Oklahoma, mayor of Ardmore since many minds turneth not to the contrary, and one of the darndest shrewdest politicians in the state even if he was chairman of the democratic speakers bureau during the late campaign has been appointed superintendent of the Oklahoma penitentiary.

The News could say lots more about Bob Dick if it were not afraid the thought might produce a congestion of its tugging box. But that no debt of honor may have liquidation demand out in the park at sunrise it is declared that the Hon. R. W. Dick has a host of friends in Pontotoc county that though he may have not been absolutely the prime factor in Ardmore's development he led in its escape from the primeval faculty of its foresty estate that he has an acquaintance all favorable from New York to Galveston—and not necessarily by the water route—that he can dish up a gentleman true blue from one less time and that withal he has proven is mayor of Ardmore for the past ten years that he has honor, unusual executive ability and the capacity to make thousands of friends and maintain their unwavering friendship. The state could not but be sure of a stronger union.

The News sincerely commends all its enemies to the tender ministrations of the Hon. Bob Dick this new superintendent of the penitentiary.

## Making the Paper.

Few people realize what a co-operative institution the newspaper is in its news department. The news paper doesn't create the news it is only a news clearing house so to speak. The reporter asks day after day "What do you know?" Tell me something I can print and quite too often they do not get an answer that helps very much. The announcement that a train has just run over a horse and driver supplemented a little later by the further fact that the said horse and driver were under one of the many railroad arches where the railroad goes over the street may be a good joke but it doesn't help the reporter very much. Also don't tell the man with pad and pencil that there is nothing going on but the rent and if you must quote that old saying of Solomon's about there being nothing new under the sun try to remember that something you know about may be very old but all the same new and interesting, to some other reader. If you would the more enjoy your paper there is nothing like raking a hand to help make it interesting. — Brockton (Mass.) Times

## Holland Navy Demonstration.

Willemstad Dec 4.—Having been unable to obtain an amicable settlement of outstanding differences with Venezuela the Netherlands government has begun a naval demonstration off the coast of the South American Republic and since Wednesday vessels flying the Dutch flag have steamed from Puerto Cabello to La Guayra at a distance of 3000 yards from shore.

London Dec 5.—The Daily Telegraph correspondent at The Hague says that a dispatch has been received to the effect that a news paper correspondent in Curacao learns that four American warships are expected at Curacao at the beginning of January and that it is certain the United States will be a staunch supporter of Holland against Venezuela.

## THEATRE TALK NO. 2

It pays to wait after all, for the good comes in time, even in the drama, bringing a splendid recompense for some of the "cheats" you have had.

"Monte Cristo" which comes to town pretty soon is a play that can be seen again and again by those who have souls to feel the spell of real romantic drama. IT RANKS AS ONE OF THE GREATEST DRAMATIC TRIUMPHS OF THEATRICAL HISTORY, both artistically and financially. It has had phenomenal success throughout the history of the stage as one of the highest examples of dramatic literature. HOWEVER MERITORIOUS A PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the play and signed them.

## Real Romantic Drama

on the world and will live in the annals of the stage as one of the highest examples of dramatic literature. HOWEVER MERITORIOUS A PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the play and signed them.

The American people are broad gauged and liberal minded. They are ready to hear any remarks, listen to any song, read any book, see any play, try anything new, and they pass their verdict promptly and intelligibly. ANYTHING THAT BECOMES POPULAR IS GOOD, AND NOTHING CAN BECOME POPULAR THAT IS NOT GOOD. The people never make a mistake. Newspaper advertising will induce the readers to try anything that's advertised—once MERIT DOES THE REST. A shining example of this principle is that of the romantic play, "Monte Cristo" which will be presented in this city soon. This play has been produced season after season for seventy years. IT MUST BE MERITORIOUS DON'T YOU THINK? USUAL PRICES WILL PREVAIL.

Many actors have become well known and some famous through Monte Cristo. This is the most noted but in time they have and must retire and give younger blood a chance. Among the young actors who have assayed the part none have been more successful than Mr W H Lemle who is now being featured in Fred G. Conrads production of Eugene Moores version of Dunns novel. Mr Lemle brings youth and looks two great essentials to an artistic interpretation of Edmund Dantes. This is a romantic character requires a full bill of a trained artist and that Mr Lemle is equal to the task. It is the fact that Mr Conrad for the third season present him to the public. Lemle and Monte Cristo will soon become a synonym for the verdict of all who have seen this production. Monte Cristo will be at the opera house Wednesday night Dec 16th

## WE WANT YOUR BUSINESS

### FORAKER TO DEFEND HIMSELF

Washington Dec 4.—Standing up on the proud eminence which he seems destined soon to lose Senator Foraker will shortly after Congress adjourns make a speech in defense of his relations with the Standard Oil Company. It will be more than a defense of what his intimate friends say should prove to be true. It will be a display of verbal lightning intended both to dissipate the cloud which hangs over him and to strike the occupant of the White House whom Senator Foraker regards as the first cause of his downfall.

Senator Foraker's friends say that he has quite made up his mind as to this course and Senator Foraker when questioned about the report today would not deny it. He has spent weeks it is said in the preparation of the speech that he is to deliver and the prophecy is made that in the bitterness of its attack on the president it will eclipse his own best performance in this respect.

**ADAMS & BALENTINE**  
PROPS

What will be the occasion when the time of its delivery no one knows. Perhaps Senator Foraker himself has not determined that his bill authorizing the re-enlistment of the troops discharged from the Twenty-first Regiment could be made to serve his purpose, though there is no need of this since he could as Senator Bailey did rise to a question of personal privilege.

As to the time it is generally believed that Senator Foraker will speak before the holiday adjournment. His successor is to be elected early in January. It is almost the unanimous opinion among Ohioans here that Senator Foraker has reached the end of his public career. They say that public opinion has so unmistakably decreed his extinction that no legislature would dare to reinvest him with the honor he now enjoys.

Yet it is partly in the hope that he may be able to reverse the popular verdict that by being again elected and thus re-enter public life as his great foe leaves it that Senator Foraker has resolved to make this speech.

#### Deal on Capital.

Guthrie Ok., Dec 4.—It is reliably reported that if the governor declares the capital removal amendment carried Oklahoma City and Shawnee will get together on the proposition of

removing the temporary capital in the next legislature, to Oklahoma City. Shawnee to get something else of value in consideration of its cooperation with Oklahoma City. In such an event Guthrie attorneys will file a suit in the courts here to restrain any action looking to the removal of the temporary capital from Guthrie on the grounds that the proposed amendment did not carry by legislative majority.

#### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield living on W 16th street Ada Okla. says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store and found most prompt and genuine relief from aaching through the small of my back that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that frequent action of the kidneys, secretions but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend

Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Guthrie Ok. Dec 1.—The body of A. J. Whitney, secretary and treasurer of the Farmers Union oil mill who lost his life in the Cottonwood River Sunday night was found today in a drift pile under the street bridge at the foot of Oklahoma avenue. Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

## DISPENSARY INJUNCTION HAS BEEN GRANTED

Guthrie, Ok., Dec. 4.—District Judge Huston of the Logan County court last night granted an alternative writ of mandamus in the case of the Alexander Drug Company of Oklahoma City against R. E. Lozier, state agency superintendent, to compel him to sell the company a quantity of alcohol to be used in its business. The agency refused to make the sale, as told in press reports, following the proclamation of Gov. Haskell declaring that from a canvass of the votes the agency law has been repealed. The case was argued today. Fred S. Caldwell, state enforcement attorney, appeared for the agency, and Henry E. Asp and John Devereaux of Guthrie were attorneys for the drug company.

## ADDITIONAL PARTICULARS OF CLARENCE LEE KILLING

Since the death of Clarence Lee, who was shot by City Marshal Putnam at Allen, there has been gathered additional particulars that led up to the killing.

The following is the substance of statements gathered from witnesses claiming to have been present and seeing and hearing the particulars as herein related:

It seems that Clarence Lee and Mose Patterson were having a wrestling match, and that the former was victorious. Some one of the crowd of onlookers made some remarks about the wrestling, when Lee told him to keep his mouth out of it, and struck at the party who interfered.

At this juncture, City Marshal Putnam is said to have appeared and told Lee to come and go to the calaboose with him. Lee said he would pay a fine or give bond, but to wait until he put on his boots and he would go with him.

Putnam and Lee went alone toward the calaboose, a distance of nearly 400 yards. Two or three fellows nearby. When Putnam and Lee reached the calaboose, they stopped and seemed to be pleasantly talking, when Putnam struck Lee with a small stick two or three times, and Lee hit at Putnam. The latter pushed Lee toward the calaboose, but he caught against the facing of the door.

Putnam finally pulled his pistol and Lee clinched with him and they fell. It is said that he grabbed Putnam's pistol and tried to keep it pointed away from him, but it was soon fired, the bullet passing through Lee's body, inflicting a fatal wound.

Putnam left the scene of the killing, but as he got away some distance, waived the crowd away that had started to where Lee lay, but as Putnam went on, the crowd soon went to the rescue of the wounded man.

In a statement made before he died, Clarence Lee gave substantially what is above stated as the facts, adding that he was friendly with Putnam, and was willing to give bond or pay a fine, and that he was not drunk, nor was he armed. Also that what he did in resisting Putnam was in self-defense, and that Putnam would hear to nothing, except to put him in the calaboose.

**Bankers in Convention Monday.**  
Muskogee, Okla., Dec. 4.—Three hundred of the 525 state banks of Oklahoma will be represented at the state bankers' meeting which will be held in Muskogee Monday. The meetings will be held at convention hall and the convention will be called to order by G. B. Carstarphen, secretary of the local committee. The Muskogee bankers will entertain the visitors Monday evening at the close of the business session of the convention. A reception and banquet will be given at the Elks' hall.

## FATAL SHOOTING AFFRAY

Ardmore, Dec. 4.—The news of a serious shooting affair which took place at Mulkey, east of here in this county, reached here at an early hour this morning. Dennis Lawson of Mill Creek, and who formerly lived here, is shot and cannot live and John Mulkey is in the county jail and acknowledges to the shooting. From the best reports that can be gathered, Lawson and Mulkey were in Ardmore yesterday. Lawson wanted to buy some cattle belonging to Jim Mulkey and went home with John. Last night Mrs. Mulkey was at the home of her mother in Berwyn, and Lawson, Mulkey, Ben Lambert and Waters Brown were at the home of John Mulkey. All the men or at least some of them were drinking and shooting craps. Some trouble arose and Lawson was shot with a shotgun by Mulkey. The load took effect in the stomach.

It is said that there is no hope for Lawson and it is expected that he will die before sunset tonight. Squire Thompson, the justice of the peace at Mulkey, took the statement of Lawson. The dying man said that a crap game was going on, that some trouble arose and he left the house to keep out of it. As he passed around the house Mulkey met him and while four feet away emptied the contents of a shot gun into his stomach. He stated that Mulkey did the shooting without uttering a word.

Mulkey in his statement says the game was going on, that trouble arose, that Lawson abused him terribly, that Lawson left the room, and as he thought had gone away, Mulkey opened the door and found that Lawson had not gone, but again approached him (Mulkey) with his knife, still abusing him, and then it was that Mulkey fired.

Dennis Lawson, a prominent young gentleman of Mill Creek, died this afternoon at Mulkey, a few miles east of here, from a gun shot wound received in the stomach this morning at 1 o'clock. John Mulkey, an intermarried Chickasaw citizen, surrendered and is in jail. The weapon used was a shot gun and muzzle was in four feet of Lawson's body when gun was discharged.

## THE INFANTICIDE CASE

Dora Dennie, the Indian girl who is charged with murdering her infant, soon after its birth, by choking it to death with a ribbon, did not throw its body into a hog pen as first reported, though the circumstances indicated that she had. Its body was found buried near the hog pen.

The prosecuting attorney's office is making an investigation of the case this evening, at the home of Amos Hays, where the girl lies ill. As soon as she sufficiently recovers, an examining trial will be held.

### Bombard Austrian Seaport.

Paris, Dec. 4.—A special dispatch from Vienna says that a message from the Cattaro branch of the Austro-Hungarian Bank to the bank's Assam branch stated that Cattaro had been bombarded since 9 o'clock this morning.

The dispatch adds that at the Ministry of War it was said that the Ministry had no information on the subject, but that it "was impossible to deny the news."

Vienna, Dec. 4.—Two steamers of the Hungarian Croatian line, with troops aboard left Flensburg under sealed orders. Two other steamers will follow tomorrow. It is supposed their destination is Cattaro, a seaport of Austria on the Adriatic, contiguous to Montenegrin territory. Warlike rumors continue in circulation, but an official denial caused prices on the Bourse to advance considerably and an optimistic feeling prevails in official circles.

With reference to a reported frontier fight between Hungarians and Montenegrins at Bilek, in which it was alleged that a Hungarian Lieutenant, Teller, had been killed, the government tonight made emphatic denial of the report. It explains that Teller committed suicide owing to a love affair.

As to Non-Resident Taxpayers.  
Guthrie, Okla., Dec. 4.—In an opinion to Syd Yeary of Keota, Assistant Attorney General E. G. Spilman holds that the fee of \$1 which county treasurers are allowed to collect from non-resident taxpayers who pay their taxes by mail can not be collected where the non-residents make their payments through an agent, who appears in person at the treasurer's office.

Charged With Killing Daughters.  
Marked Tree, Ark., Dec. 4.—Following the mysterious deaths of his two daughters, William McBroon, a mill worker, was arrested here today, charged with murder. Pending the coroner's investigation he was taken to Jonesboro.

McBroon's daughters, Ola Leon, 6 years old, and Elizabeth, 8 years old, died in great agony soon after their father reached home last night.

Former Indian Chief Dead.  
Muskogee, Ok., Dec. 4.—Rolly McIntosh, former chief of the Creeks, is dead at his home near Stillham. For the last ten years McIntosh has been the tribal representative at Washington. McIntosh attained the advanced age of 76 years. He was a full-blood of the old type in the councils of his people and highly esteemed by the whites.

### Mrs. J. E. Jones Entertains.

A number of young people of Ada and Mr. and Mrs. John Beard, and Mrs. J. W. Dolen, were most pleasantly entertained Friday evening by Mrs. J. E. Jones. They played the fascinating game of "42" and delightful refreshments were served.

### MISS ROBERTSON RE-APPOINTED.

Numerous Applicants for Muskogee Postoffice But None Heard.

Washington, Dec. 4.—With his grip full of documents to show incompetency and the public disfavor of Miss Alice Robertson in the postoffice at Muskogee, Okla., Joseph Cromwell arrived here tonight to be confronted with the announcement that Miss Robertson had already been re-appointed and that the republican organization has received another jolt.

Cromwell is the man under fire for collecting campaign subscriptions from civil service employees in the government office at Muskogee. He declares he will be able to squelch the matter before the civil service examiners' report comes in. Cromwell says he was unaware of a statute against soliciting campaign contributions in government offices.

### FREAK PIG HAS TWO HORNS.

It's the Valued Possession of an Oklahoma Farmer.

Muskogee, Ok., Dec. 4.—James Burrows, a farmer residing several miles east of Muskogee, is the proud owner of a freak pig that he values highly. The pig is one of a litter of seven and is normal in every way except that just above its eyes are two well developed horns. The pig is now several weeks old and the horns have grown at least an inch.

### Lozier Is Sick of Heart Trouble.

Guthrie, Okla., Dec. 4.—Neuralgia of the heart may cause the death of Robt. E. Lozier, head of the state dispensary system, at any time. Mr. Lozier was taken sick while visiting his old home at Carrollton, Mo., and immediately returned to Guthrie. The railroad trip caused a relapse in his condition.

Mr. Lozier has been as prominent in the politics of Missouri as he has in those of Oklahoma. He was three times a member of the democratic state committee.

## HON. R. W. DICK.

Bob Dick, a character in the Indian Territory and a "double cross" character in Oklahoma, mayor of Ardmore, since man's mind runneth not to the contrary, and one of the darndest, shrewdest politicians in the state, even if he was chairman of the democratic speakers' bureau during the late campaign, has been appointed superintendent of the Oklahoma penitentiary.

The News could say lots more about Bob Dick if it were not afraid the thought might produce a congestion of its laughing box. But that no debt of honor may have liquidation demand out in the park at sunrise, it is declared that the Hon. R. W. Dick has a host of friends in Pontotoc county, that though he may have not been absolutely the prime factor in Ardmore's development, he led in its escape from the primeval faculty of its forestry estate; that he has an acquaintance, all favorable, from New York to Galveston—and not necessarily by the water route—that he can distinguish a gentleman true blue from one less true and that withal he has proven as mayor of Ardmore for the past ten years that he has honor, unusual executive ability and the capacity to make thousands of friends and maintain their unswerving friendship. The state could not have secured a stronger warden.

The News sincerely commends all its enemies to the tender administration of the Hon. Bob Dick, this new superintendent of the state penitentiary.

December is here. The month when little hearts are made gladdest. And let the true spirit of Christianity and charity be shown by remembering at least one unfortunate at Christmas time even though it be in a small way. In this way grown up people can make their own hearts glad. Rest assured that you will be remembered for years to come for such an act—Madill News.

Yes, those who have and can afford to be generous, certainly ought to aid the unfortunate, and especially should the children be made as happy as possible, for Christmas is particularly theirs as a time for rejoicing and as the recipients of all the bounteous gifts that can be bestowed.

Ada is preparing to issue bonds for sewers, city hall, water extension, street improvement, storm sewers, and public parks. That is a pretty good start for Ada.—Durant News.

Ada has had "a pretty good start" for some time, and the improvements recently authorized by bond issues, will give us all the conveniences necessary to put Ada in the front rank of up-to-date cities.

## PRESS COMMENT.

The News sees every day on our streets children who should be in school. Oklahoma has a compulsory educational law and the parents or guardians of these children may have to give an account to a violated law in not sending them to school. The taxpayers of the state are forced to pay for the education of your child and you are compelled to send your children to school a certain number of months or you may be called to account.—Durant News.

Far-sighted people have predicted for some time that the time would come when New England would be advocating free trade while the South would be demanding protection. This prediction is brought forcibly to mind by the fact that two

of Florida's representatives have appeared before the house committee of ways and means with a request for a ten cent duty on long staple cotton.—Denison Herald.

The farmer who is figuring on planting another big cotton crop rather than to giving attention to raising more good corn, hogs and stock is a standing candidate for bankruptcy.—Wapawanna Press.

### Making the Paper.

"Few people realize what a co-operative institution the newspaper is in its news department. The newspaper doesn't create the news, it is only a news clearing house, so to speak. The reporter asks day after day: 'What do you know?' 'Tell me something I can print,' and quite too often they do not get an answer that helps very much. The announcement that a train has just run over a horse and driver, supplemented a little later by the further fact that the said horse and driver were under one of the many railroad arches where the railroad goes over the street, may be a good joke, but it doesn't help the reporter very much. Also don't tell the man with pad and pencil that there is nothing going on but the rent, and if you must quote that old saying of Solomon's about there being nothing new under the sun, try to remember that something you know about may be very old but all the same new and interesting to some other reader. If you would the more enjoy your paper, there is nothing like taking a hand to help make it interesting." — Brookton (Mass.) Times

### Holland Navy Demonstration.

Willemstad, Dec. 4.—Having been unable to obtain an amicable settlement of outstanding differences with Venezuela, the Netherlands government has begun a naval demonstration off the coast of the South American Republic, and since Wednesday vessels flying the Dutch flag have steamed from Puerto Cabello to La Guayra at a distance of 30,000 yards from shore.

London, Dec. 5.—The Daily Telegraph's correspondent at The Hague says that a dispatch has been received there to the effect that a newspaper correspondent in Curacao learns that four American warships are expected at Curacao at the beginning of January, and that it is certain the United States will be a staunch supporter of Holland against Venezuela.

Some girls are so modest they are ashamed to let Santa Claus see what size they wear.

## THEATRE TALK NO. 2

It pays to wait after all, for the good comes in time, even in the drama, bringing a splendid recompense for some of the "cheats" you have had.

"Monte Cristo" which comes to town pretty soon is a play that can be seen again and again by those who have souls to feel the spell of real romantic drama. IT RANKS AS ONE OF THE GREATEST DRAMATIC TRIUMPHS OF THEATRICAL HISTORY, both artistically and financially. It has had phenomenal success throughout the entire world and will live in the annals of the stage as one of the highest examples of dramatic literature. HOWEVER MERITORIOUS A PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the parts assigned them.

## Real Romantic Drama

THE POWERFUL MELO-DRAMA  
REVIVAL OF  
**MONTA CRISTO**

The American people are broad gauged and liberal minded. They are ready to hear any remarks, listen to any song, read any book, see any play, try anything new, and they pass their verdict promptly and infallibly. ANYTHING THAT BECOMES POPULAR IS GOOD, AND NOTHING CAN BECOME POPULAR THAT IS NOT GOOD. The people never make a mistake. Newspaper advertising will induce the readers to try anything that's advertised—once MERIT DOES THE REST. A shining example of this principle is that of the romantic play, "Monte Cristo" which will be presented in this city soon. This play has been produced season after season for seventy years. IT MUST BE MERITORIOUS DON'T YOU THINK? USUAL PRICES WILL PREVAIL.

Many actors have become well known and some famous through Monte Cristo. Chris Lechter and James O Neil being the most noted but in time they have and must retire and give younger blood a chance. Among the young actors who have assayed the part none have been more successful than Mr W H Lemle who is now being featured in Fred G Comands production of Eugene Moores version of Dumas novel. Mr Lemle brings youth and looks two great essentials to an artistic interpretation of Edmund Dantes. This production character requires a full bill of a tried artist and that Mr Lemle is equal to the task. It is by the fact that Mr Lemle for the third season present him to the public. Lemle and Monte Cristo will soon become synonymous is the verdict of all who have seen this production. Monte Cristo will be at the opera house Wednesday night Dec 10th

## WE WANT YOUR BUSINESS

### FORAKER TO DEFEND HIMSELF

Washington, Dec. 4.—Standing upon the proud eminence which he seems destined soon to lose, Senator Foraker will, shortly after congress assemblies, make a speech in defense of his relations with the Standard Oil Company. It will be more than a defense if what his intimate friends say should prove to be true. It will be a display of verbal lightning intended both to dissipate the cloud which hangs over him and to strike the occupant of the White House, whom Senator Foraker regards as the first cause of his downfall.

Senator Foraker's friends say that he has quite made up his mind as to this course, and Senator Foraker when questioned about the report, today would not deny it. He has spent weeks, it is said in the preparation of the speech that he is to deliver, and the prophesy is made that in the bitterness of its attack on the president it will eclipse his own best performance in this respect.

**ADAMS & BALENTINE**  
PROPS.

What will be the occasion, when the time of its delivery, no one knows. Perhaps Senator Foraker himself has not determined that. His bill authorizing the re-caditment of the troops discharged from the Twenty-first Regiment could be made to serve his purpose, though there is no need of this, since he could, as Senator Bailey did, rise to a question of personal privilege.

As to the time, it is generally believed that Senator Foraker will speak before the holiday adjournment. His successor is to be elected early in January. It is almost the unanimous opinion among Ohioans here that Senator Foraker has reached the end of his public career. They say that public opinion has so unmistakably decreed his extinction that no legislature would dare to reinvest him with the honor he now enjoys.

Yet it is partly in the hope that he may be able to reverse the popular verdict that by being again elected and thus re-enter public life as his great foe leaves it that Senator Foraker has resolved to make this speech.

### Deal on Capital.

Guthrie, Ok., Dec. 4.—It is reliably reported that if the governor declares the capital removal amendment carried Oklahoma City and Shawnee will get together on the proposition of

removing the temporary capital, including the next legislature, to Oklahoma City. Shawnee to get something else of value in consideration of its co-operation with Oklahoma City. In such an event, Guthrie attorneys will file a suit in the courts here to restrain any action looking to the removal of the temporary capital from Guthrie on the grounds that the proposed amendment did not carry by legislative majority.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recom-

mend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

### Whitney's Body Found.

Guthrie, Ok., Dec. 4.—The body of A. J. Whitney, secretary and treasurer of the Farmers' Union oil mill, who lost his life in the Cottonwood River Sunday night, was found today in a drift pile under the street car bridge at the foot of Oklahoma avenue. The body bore evidence of a struggle in the water. Whitney was at the mill during the flood, and tried to reach land.

In spite of all the wise men of the present day, mystery continues to hang over this world like a thick fog.
